

Hey all in the great state of South Dakota. It is that time of year again to offer the fourth year of the online Emergency Medical Technicians' course. This year the SDEMSEA Instructor Coordinator Society is handling the class.

If you have anyone in your community that you may want to attend or participate in this course now is the time to act. The course is taking student registrations. In order to hold or have a spot in the course the student must pay six hundred dollars (\$600.00) This check or money order is to be made out to SDEMSEA I/C Society and mailed to Amy Marsh 9001 N. Kiwanis Ave Sioux Falls, SD 57101 This check should be in my mail box by January 6, 2016. Books will be ordered that week for the participants.

There will be an opening meeting for the class on Jan. 9, 2016 in Chamberlain, SD. THIS WILL BE MANDATORY TO ALL STUDENTS. The sponsors will be asked to be there as well so that they may have their questions and responsibilities outlined. The students have to be there, to receive both their books and training on the Learning Management System that the program will be using. This program will rely heavily on the student's sponsors and officers of the SDEMSEA I/C Society for the practical examination.

Here is short list of expectations of the Student and the Sponsor. The student will, or their sponsor, pay \$600.00 with this cost the student will get the book, access to the learning management system and registration into the NREMT. This money will also be used to cover expenses such as mileage, travel and the cost of the practical examination test team. Any questions please drop me a line or give me a call. You can also contact any of the SDEMSEA I/C Society Officers.

*The course will run from Jan. 9<sup>th</sup> thru April. The practical test will be in Chamberlain on April 30<sup>th</sup>.*

Sincerely,

Katheryn Benton
